---

How about Monday, December 29 at 10:30am? You can call me then at 214-665-8063. Our talking at the Superconference must've aligned the stars in order for us to be on the same case again.

Amy

Hi, Amy. Great to hear you are on the case and that we may get a chance to work together on this. I have family in town, but may welcome a respite at the office. I could do a call either Monday Dec. 29 or Friday, Jan. 2. Let me know what time works best for you. Thanks.

David:

Your email to Brandon Robers was forwarded to me because I am the EPA Site Attorney for CES.

Brandon asked me to follow up with you regarding this Site. I am in the office next week on Monday and Friday if you want to have a quick conversation about the Site. As you may know, the EPA is currently conducting a removal action at the Site. We are currently conducting a PRP search for this Site, but have not yet noticed anyone. My understanding is that TCEQ has notified numerous parties and, Lubrizol had begun discussions with TCEQ regarding their Voluntary Cleanup Program. Please let me know if you are in the office next week and available to talk.

Thanks,

Amy Salinas
